Objectives:

Care Transitions:

1. Identify how the proposed rules may affect CAHs.
2. Use QIO readmission reports to identify opportunities for care transitions
3. Discuss current state of community coalitions

MBQIP:

1. Describe for other staff the MBQIP changes
2. Understand the new reporting of MBQIP Phase 3 measures

Stakeholder Reports:

1. Discuss current activities of each organization with appropriate staff
2. Determine any changes needed to remain current with these activities

Meaningful Use:

1. Examine the Stage 2 Meaningful Use Core and menu measures for eligible hospitals
2. Contrast the changes made from Stage 1 2014 measures to Stage 2
3. Summarize the current status of meaningful use public health measure reporting in Iowa
4. Understand meaningful use clinical quality measure

CPOE:

1. Learn the latest CPOE Best Practices
2. Understand how CPOE is necessary for meeting Meaningful Use requirements
3. Understand how CPOE impacts clinical quality measure submission

This workshop is made possible by the Iowa Department of Public Health, Office of Rural Health FLEX Program, through a grant from the Federal Office of Rural Health Policy Health Resources and Services Administration, Public Health Services, U.S. Department of Health and Human Services.
